The poems in Michael Robins's fourth collection grapple with the cadences of language and the implacable push of time. At the threshold where domestic and natural landscapes meet, *People You May Know* forges its own path between the ebb and flow—the flood and flicker—of loss and lamentation. But the clear-eyed dawn is rarely far away in these stanzas, which rise from calamity and failure in order to discover comfort and a capacity for renewal. Here, every absence creates a space for the shared experience known among friends, strangers, those wondrous lives that precede and illuminate our own.
