Nick and Cindy are living the fairy tale, or at least, that's what someone who doesn't know them well might think. A handsome police officer who marries a caring nurse before they ride off into the sunset and live happily ever after is exactly what fairy tales are made of, right?

But in almost every fairy tale, there is a villain that the handsome prince slays for his princess. In Nick and Cindy's story, their enemy can't be seen. It lurks in the shadows and then strikes out to change their lives before it slinks away again only to come back another day. Nick can't slay the villain that's stalking his family; all he can do is hold his wife tight and help her through the battle.

Join friends and family that you've met and loved in previous books and get to know Nick and Cindy Cardenas who are a large part of the Rojo community. Join this couple through tears and laughter while they fight for the fairy tale that they deserve. They can get through anything as long as they're together, and when the day is done, all that matters is each other and the family that they've worked so hard to create.

Authors note: This book is about a couple who have made appearances in many of the Texas Knights and the Texas Kings books. In those stories, Nick and Cindy are a married couple who are very much in love and struggling with infertility. In this book, their story will span from their first meeting, through the early years of marriage when they dealt with illness and infertility, and go on as they build their family together through good times and bad. It's a happily ever after with lots of bumps in the road, much like real life. Please be aware that the problems that Nick and Cindy deal with together may upset some readers. Their story deals with some heavy issues as they deal with cancer and infertility and then runs through a gamut of emotions as they deal with foster care and adoption before they finally find a surrogate that they can trust.
