

Unmasking the Field Guide To White Supremacy: A Must-Read

A FIELD GUIDE TO WHITE SUPREMACY

Editors

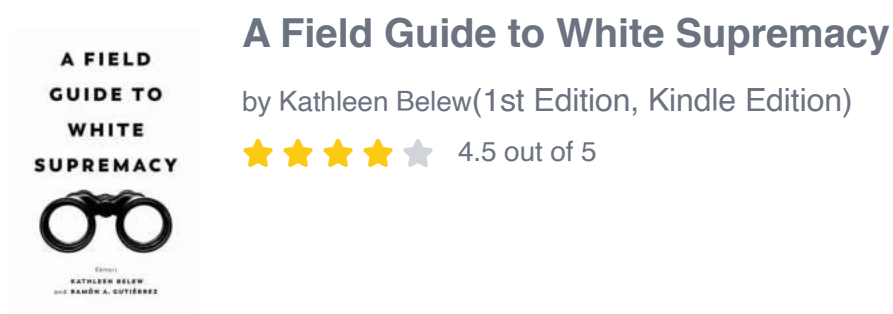

KATHLEEN BELEW
and **RAMÓN A. GUTIÉRREZ**

White supremacy is a pervasive social issue that continues to plague our society. To combat this problem and create a more inclusive world, it is

crucial to understand the mechanisms and ideologies that drive white supremacist movements.

The Field Guide To White Supremacy

In this comprehensive field guide, we delve into the deep roots of white supremacy, exploring its historical context, key figures, and core beliefs. By shedding light on these aspects, we aim to empower individuals to recognize and dismantle white supremacist ideologies in their communities.

Understanding the Historical Context

To comprehend the present, we must first understand the past. This section examines the historical context of white supremacy, from its origins in colonialism to its impact on slavery, segregation, and civil rights movements. We explore how these historical events shape current structures of power and privilege.

Key Figures in White Supremacist Movements

No organization or movement exists in a vacuum. White supremacy has been perpetuated by various individuals throughout history who have championed its ideology. We analyze the lives and actions of prominent

figures such as Adolf Hitler, Richard Spencer, and David Duke to provide a deeper understanding of their influence on white supremacist movements.

Core Beliefs and Manifestations of White Supremacy

White supremacist ideology rests on a foundation of racial superiority intertwined with fear, hatred, and discrimination. By exploring the core beliefs that fuel white supremacist movements, we shed light on the different forms it takes in today's society. This section explores topics such as hate crimes, white nationalism, and online radicalization.

Confronting White Supremacist Ideologies

Education and awareness are essential for dismantling white supremacist ideologies. We provide resources and strategies for individuals and communities to combat these toxic beliefs effectively. Understanding the signs, symbols, and recruitment techniques employed by white supremacist groups is a crucial step towards creating a more inclusive society.

The Field Guide To White Supremacy serves as a comprehensive reference for understanding the history, key figures, and core beliefs associated with this harmful ideology. By recognizing the manifestations of white supremacy and actively engaging in its dismantling, we can collectively strive for a society that respects and values all individuals, regardless of race or ethnicity.

A Field Guide to White Supremacy

by Kathleen Belew (1st Edition, Kindle Edition)

★★★★☆ 4.5 out of 5

Drawing explicit lines, across time and a broad spectrum of violent acts, to provide the definitive field guide for understanding and opposing white supremacy in America

Hate, racial violence, exclusion, and racist laws receive breathless media coverage, but such attention focuses on distinct events that gain our attention for twenty-four hours. The events are presented as episodic one-offs, unfortunate but uncanny exceptions perpetrated by lone wolves, extremists, or individuals suffering from mental illness—and then the news cycle moves on. If we turn to scholars and historians for background and answers, we often find their knowledge siloed in distinct academic subfields, rarely connecting current events with legal histories, nativist insurgencies, or centuries of misogynist, anti-Black, anti-Latino, anti-Asian, and xenophobic violence. But recent hateful actions are deeply connected to the past—joined not only by common perpetrators, but by the vast complex of systems, histories, ideologies, and personal beliefs that comprise white supremacy in the United States.

Gathering together a cohort of researchers and writers, *A Field Guide to White Supremacy* provides much-needed connections between violence present and past. This book illuminates the career of white supremacist and patriarchal violence in the United States, ranging across time and impacted groups in order to provide a working volume for those who wish to recognize, understand, name, and oppose that violence. The Field Guide is meant as an urgent resource for journalists, activists, policymakers, and citizens, illuminating common threads in white supremacist actions at every scale, from hate crimes and mass attacks to policy and law. Covering immigration, antisemitism, gendered violence, lynching, and organized domestic terrorism, the authors reveal white supremacy as a motivating force in manifold parts of American life. The book also offers a sampling of some of the most recent scholarship in this area in order to spark broader conversations between journalists and their readers, teachers and their students, and activists and their communities.

A Field Guide to White Supremacy will be an indispensable resource in paving the way for politics of alliance in resistance and renewal.
